

# I-New launches Channel Partner Program to further boost its growth dynamics.

*Fast growing technology solutions provider I-New launches its Channel Partner Program inviting professional System Integrators to get connected for the mutual success.*

Mattersburg, Austria. January 2017.

I-New Unified Mobile Solutions is one of the fastest growing technology solutions provider in the digital communication industry. From offices all across the globe, the Austria based company is capable of providing, implementing and running state-of-the-art products and services for successful digital business transformation over next generation platforms.

I-New's comprehensive module system of highly competitive products and services enable the full digitalization of most modern communication and transaction models. The E2E-solution covers the complete customer journey, from the initial idea to the successful business operation. Multiple awarded as Best MVNO/E Solutions and Best Services to Telecoms from the global mobile and communication industry.

In recent years, I-New became the preferred digital business support partner to cover MVNE needs and/or to enable the digital business transformation of established Mobile Network Operators like Telenor, Telefonica Movil, Tigo or Hutchison Telecom. Furthermore, MNOs are enabled to unleash from legacy, gain mobile business market share and to successfully master local regulatory, technology or market economic challenges.

The company already operates service hubs in the Americas, Europe and Asia Pacific successfully and is ready to conquer even more markets across continents by partnering with professional System Integrators to act as certified sales, system customization/integration and managed services partner in dedicated countries or regions.

Qualified Channel Partners face the opportunity to sustainably profit from I-New's highly dynamic portfolio of

## About I-New
